INTELLIGENT SOLAR LIGHTING

The solar post 100 /200/300 are 1m 2m and 3m high solar powered posts designed for both commercial and residential use, offering the very latest cutting edge solar technology backed up with the highest quality engineering the solar posts are ideal for parks, roads, campuses, drives, paths, housing developments and public spaces. Produced in stainless steel and powder coated the PV panels on 3 sides have enough PV wattage for the product to operate in any climate. Using a remote control on site the solar post can be set to different light levels and timings of 4 6 or 8 hrs enabling the post to operate at different settings depending on the season.

TECHNICAL FEATURES

Dimension	1000mm H x 150mm x 150mm Solar Post 100 2000mm H x 150mm x 150mm Solar Post 200 3000mm H x 150mm x 150mm Solar Post 300
Material	Stainless Steel
Finish	Powder Coated RAL 7016
Power	PV Panels Wattage Solar Post 100 54w Solar Post 200 54w Solar Post 300 54w
Battery	12v 10Ah
Lighting	LED 3w 300lm
Light Colour	6000k
Activation	Remote control activation
Light Levels	Dim or brighten to required levels from off to 100%
Timing	4, 6, 8 hours then off
